Safety Policy (QEOH&S) Policy**

Last amended on: 1st April 2022

apcotex Industries limited

Integrated Quality, Environment, Occupational Health and Safety Policy (QEOH&S) Policy

Apcotex Industries Limited, engaged in the business of manufacturing of Synthetic latex, Synthetic rubber and its allied products is complying with the Quality, Environment and Occupational Health & Safety **and security** requirements as an integral part of our Business Process Improvement and Sustainability.

We are committed to the satisfaction of domestic and international customers, conserving the environment and natural resources, and providing a healthy & safe working atmosphere to all interested parties.

To accomplish the above, we shall:

- Be committed to supplying our customers with high quality products that conform to their requirements.
- Be committed for continual improvement by applying effective mechanism to monitor and measure customer satisfaction.
- Integrate the principles of the international standards namely ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, Responsible care, Greenco and TPM across our business value chain.
- Comply with all the applicable legal and other compliance obligations.
- Conserve energy and natural resources through use of renewable energy, eliminate/minimize waste generation
- Be committed to prevent environmental emissions, pollutions, and injuries/ ill health of all our employees.
- Establish hazard identification & risk assessment and environmental aspect/impact analysis processes to prevent Occupational Health & Safety risk, incidents, and environmental impacts.
- Encourage communication, participation, consultation with all interested parties including company as well as contract employees.
- Strengthen the skills, competencies related to health, safety and environment of all employees, contract workers and supply chain partners by effective training sessions.
- Ensure preparedness for any type of emergency related to Environment, Occupational Health & Safety **and protection of facility assets by interested culprit agencies.**

At ALL, we are relentlessly pursuing innovative concepts and incorporating suitable technologies and global best practices, adopting competitive analysis for continual improvement in Quality, Environment, Occupational Health & Safety, and **security performance.**

We strive for the best performance of Integrated Management System and **responsible care principles** by promoting this policy with all interested parties.
